Dear Glenys,

**RE: CCF QLD SUPPORT FOR IQ-RAP**

The Board of the Civil Contractors Federation Queensland Branch (CCF QLD) has agreed to support the Inland Queensland Roads Action Plan.

The focus on the long-term planning for infrastructure projects has been a particular policy issue that we have taken up with the State Government consistently.

One of the areas of concern for CCF QLD is, and has been for some time, the issue of transparency in local government procurement.

I would welcome the opportunity to discuss this matter with you. We would also appreciate if a CCF QLD representative would be able to participate in the workshop to be held with TMR and funding partners after the local government elections in April.

Once again, CCF QLD is very supportive of the IQ-RAP and if there are any areas where we can be of support, please do not hesitate to contact me on 0448 202 101.

Sincerely,

A handwritten signature in black ink, appearing to read 'Robert Row'.
